GForce Channel Program signs 250th Partner **Rapid adoption by resellers foresees bright future**

Lake Forest, CA (February 7, 2006) – GVISION USA, Inc., a leading manufacturer of specialty LCD displays has announced the sign-up of the 250th channel partner to the GForce Partner Program. GForce is GVISION's channel partner program introduced in October 2005. The program provides VARs and resellers with the information, tools, and knowledge necessary to address the market's LCD requirements. The broadest product line in LCD Displays, with over 100 models, GVISION provides display solutions to POS, Industrial, Public Display and other vertical markets.

"We are very pleased with the initial reaction and acceptance of our GForce Program, " according to Keddy Chen, VP & General Manager of GVISION USA. "The GForce Partner Program allows us to stay in touch with all of our valued resellers and keep them updated on the most current information. After signing on, partners have access to a secure website that includes GVISION content, sales collateral, website tools and special promotional information. GForce is all about optimizing partner relationships and driving more business through the channel."

GVISION is looking to sign up at least a thousand GForce partners in 2006 and will begin a major recruitment drive in the second quarter for VARs and system integrators that specialize in the public display and digital signage markets.

The entire GVISION product line is available through authorized distribution partners, nationwide. For more information on GVISION and its products, call 866-651-9688 or visit the GVISION website at www.GVISION-USA.com.

About GVISION

GVISION, a leader in specialty LCD displays with our strategic blend of comprehensive product line, component consistency and quality manufacturing bring significant price/performance advantages to the reseller marketplace. GVISION delivers the broadest product line in LCD displays.
