

2026 **MAY**

NEWS LETTER

MEMORIAL DAY
HONORING ALL WHO SERVED

May brings exciting momentum at GVision as we proudly sponsor SOF Week and the AI Casino Security Conference, while also highlighting our latest 4K, TAA-compliant large format touch displays from 32" to 110". Designed for professional environments, these high-performance displays deliver the clarity, reliability, and versatility needed for a wide range of commercial and interactive applications.

EVENTS RECAP

NAB Show 2026

GVision attended NAB Show 2026, where we explored the latest innovations in broadcasting, digital signage, and display technology. The event offered valuable insight into emerging trends and technologies shaping the future of professional AV solutions.

PRODUCT HIGHLIGHT

NEXT-GEN LARGE FORMAT TOUCH

4K industrial displays (3840x2160) are redefining visual performance with stunning clarity and vibrant detail, where every pixel counts. From precise medical diagnostics and real-time monitoring in control centers to immersive flight training and eye-catching digital retail, 4K brings every application to life. GVision elevates this experience with its 32" to 110" displays, featuring full optical bonding to reduce glare, enhance contrast, and ensure durability in any environment. With TAA-compliant models available, GVision delivers a powerful, future-ready solution for today's most demanding industries.
